End of Year Concert.

Dear Families...

Firstly, your children need to be commended and applauded...

Not only because they are trying their very best for you. But because they are engaged in the joy and the complexities of building relationships and working together as a team.

Throughout the year your children have been developing relationships with peers, educators, and the community.

Our end of year concert is to celebrate the joy of the children's collaboration and teamwork. Their connectedness, and their responsibilities they share for each other and their selves. Your children collaboratively with families, educators and the community have developed a sense of place. A partnership in an active and meaningful learning community with lots of laughter, sometimes a few tears but lots of FUN!

On the night we might sing a little out of tune, miss a few beats, dance out of time, maybe get stage fright but the most important thing to remember is that the evening will give you lots of joy and maybe a few tears watching your child or children all doing their very best together.

Please acknowledge and value all the children's efforts. Each, and every song and each, and every dance deserves tremendous applause!

A Sincere Thank You to our

6.00pm-children's concert performance

Dear Families please be very patient on the night we potentially could have 70-80 families plus grandparents, family members and friends on the night.

You are welcome to sit on the floor or on a chair.

There will be a small area to sit on the floor. If you are planning to sit on the floor, please bring a picnic blanket. Chairs will also be available and set up in rows.

Things to Remember.

Please give your children a quick dinner before you arrive. They will need the energy.

What to wear: there are no costumes, you are welcome to wear what you would like, please can we not wear Santa Hats, Reindeer Headbands etc while the children are singing only because it will distract the children while they are performing. The children are welcome to wear them to the concert and home.

We would very much appreciate all children stay seated with their families until they are asked by educators to transition to the stage. Children will be asked to go to the toilet and have a drink before the concert begins. The children at the beginning of the concert will be singing on the steps in front of the stage and tables or chairs and then will transition down to the floor in front of the steps for dances. Then back up onto the steps.

Siblings please sit with your families and enjoy your brother or sister or cousin's preschool night.

Older siblings and cousin will also get a surprise from Santa, and will be asked to come up after the preschool children and their younger siblings.
