Dear Families, **Headlice** spreads so quickly. To try and control the spread of Headlice, **please** check your children's hair each day. **Please** if there are any signs of eggs or lice, **please** treat your child's hair and remove all eggs and/or lice and **please** treat again. Once treated you will need to keep checking your child's hair each day. Thank you for your understanding. Please refer to the information attached if you have any questions.
